Disclaimer

This Certificate of Analysis may contain results provided by third-party laboratories contracted by, but external to Pure Biologix, Pure Terpenes Division. This document is not intended to replace the purchaser's due diligence testing whether required or otherwise necessary in order to verify suitability of this product for its application(s), or for it to comply with its legal requirements for any goods into which this product is incorporated. Slight variances between lots may be expected as source biomass and hence terpene materials do vary. **Product does not contain THC**, nor normally any cannabinoids except on occasion in trace usually undetectable amounts. Though this product may have been produced via Certified Organic extraction methods, it is not a Certified Organic product unless indicated as such having come from certified organic biomass.
